

## Overview

The TL series touch monitors with multi-point projected capacitive (PCAP) touch screen deliver an industrial-grade & reliable solution with wide-angle viewing, outstanding image clarity & light transmission, accurate touch responses and durable dust & water resistance that is similar to iPad flat surface. Designed with elegant black alumina, brushed polishing finish, ultra-thin & ultra-narrow symmetrical bezel, it is ideal for landscape, portrait and face-up orientation. Full range Intel OPS standard plug & play PC modules (easy to upgrade and maintain) with different configurations, meeting most applications and making the integrator's pre-design and on-site construction easier. It is an ideal solution for display, retail, catering and medical industries.
